THURSDAY, FEBRUARY 19TH, 1970

Established in 1882 as the
Minden Echo & Haliburton Recorder

County Board Of Education Holds Information Night For Councils

For some time the members of the Haliburton County Board of Education have wanted to meet with the Reeves, Councillors and Clerks of Haliburton County to discuss education in general and the financial situation that we in the County presently find ourselves in, in particular. Therefore, the incoming Chairman, Mr. Leonard Salvatori, extended an invitation to all Reeves and Clerks of the County to attend a meeting in the Library of the Haliburton Highlands Secondary School on Wednesday, February 11, 1970, for the purpose of sharing information and viewpoints.

Unfortunately, the evening was not a good one for travel as we were experiencing one of the worst storms of the winter, and there has been a good deal of influenza about, which affected the attendance. In spite of these adverse conditions, it was necessary to carry on with the meeting since most of the Board members' evenings for the next month are taken up with either Board or Committee meetings. The following municipalities were represented: County of Haliburton - Mr. S. G. Nesbitt, Warden; Dysart et al - Mr. Roy Brohm, Reeve; Glamorgan - Mrs. Victoria Agnew, Reeve; Elva Bates, Clerk; Mr. Harry Bates, Mr. Robert L. Fotheringham and Mr. Dallyn Pilkens, Councillors; Lutterworth - Mr. Robert Beene, Reeve; Monmouth - Mr. Gary Agnew, Reeve; Mr. T. E. Deterling and Mr. Fred Taylor, Councillors; Sherborne et al - Mr. Art Lock, Reeve; Stanhope - Mr. S. G. Nesbitt, Reeve. Members of the Board of Education present were:

Mr. Keith Hill - Anson, Hindon & Minden; Mr. Norman Gilmore - Lutterworth; Mr. Mervin Gilbert - Snowdon; Mr. Ernest Crossley - Business Administrator; Mr. J. Douglas Hodgson - Director of Education.

The meeting began with a welcoming speech by the Chairman, Mr. Leonard Salvatori, who pointed out some of the difficulties experienced by the Board in its first year of operation. He reviewed some of the innovations brought into effect in the County schools and particularly mentioned that Kindergarten classes are now offered to all children in the County. The members are fully aware of the added cost of establishing the classes for Harcourt, Glamorgan and Monmouth in the Cardiff School as well as a joint class for Muskoka and the children from Sherborne et al in Dorset. It is noted that these little children travel quite a distance to attend Kindergarten, but it was the feeling of the Board that you cannot offer Kindergarten in the Haliburton and Minden areas and not equalize the opportunity throughout the County.

The second venture is the establishment of Special Education classes. Mr. Wilkinson, Special Education Consultant for the Department of Education, spends two days per month in the County assessing students and setting up programmes. Mrs. Hazel Inglis of the Victoria Street School also goes to the Special Education classes throughout the County assisting with the programme. There are now such classes in the following areas:

Archie Stouffer Public School in Minden, Dorset Public School, Highland Grove School, Cardiff Public School and Victoria Street Public School in Haliburton. These classes have been set up in order to allow students who are having difficulty learning to be placed in a smaller class with an experienced teacher who, because of the numbers, would be able to give individual attention to the learning disabilities of the children involved.

Mr. Salvatori then pointed out that the Board conducted negotiations with the Department of Education, through our Member of the Legislature, Mr. R. Glen Hodgson, to try and secure greater grants from the Province. These negotiations were successful, and an additional \$36,000.00 was secured as well as a mill rate subsidy of approximately \$37,000.00.

(Continued on Back Page)

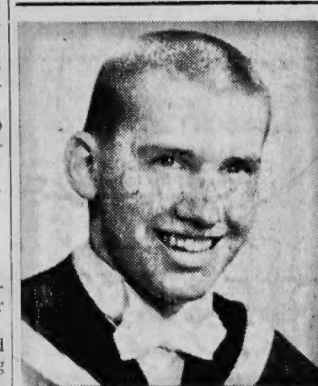

Mixed Bonspiel This Weekend

This weekend is a big one at the Haliburton Curling Club as mixed curling takes over the ice from Friday evening through Sunday.

This Seventh Annual Highland Mixed Bonspiel caters to 24 rinks from various towns and cities in Ontario and is highly popular with many of our summer residents who return to this event year after year.

Rinks will be competing for three trophies — the Haliburton IGA Trophy, Algar Coach Lines Trophy and Boice Motor Sales Trophy. Other sponsors of the bonspiel include Walling's Dairy, Glenn Austin & Co., Dr. H. E. Good, Thomas Irwin Sr. and Black's PRO Hardware.

The bonspiel is highlighted by a gala Buffet Party and Dance for the curlers and sponsors, and this year the party will be held at Bonnie View Inn.

Mr. F. S. Anderson, Director of the Continuing Education Division of Sir Sandford Fleming College, Peterborough, has announced the appointment of Mr. D. A. Popple as Director of the Haliburton School of Fine Arts. Mr. Popple has an extensive recreation background, having graduated from Waterloo Lutheran University and the University of Guelph. He was formerly the Recreation and Parks Director for the Town of Newmarket and is now an instructor in the Recreation Leadership program at Sir Sandford Fleming College. He is married to the former Sheila Curry of Haliburton. Present arrangements call for Mr. Popple to be in Haliburton four days a month until mid-June preparing for the summer program, whereupon he will take up residence in Haliburton for the summer months to conduct the Fine Arts program.

Dr. Fitch In Accident After Speaking Here

Dr. William Fitch, Minister of Knox Presbyterian Church in Toronto and President of the Evangelical Fellowship of Canada, had completed his speaking engagement to 120 persons who attended a local E.F.C. Dinner on Tuesday evening, February 10, in the Royal Canadian Legion Hall in Haliburton. The interest and appreciation of his talk was indicated by the many questions which were asked from the floor. Dr. Fitch's answers were able to inform and clarify his listeners about the work of the Evangelical Fellowship of Canada to the great satisfaction of those in attendance.

Members of the Evangelical Fellowship of Canada Planning Committee, as well as Dr. Fitch, were delighted with the evening's fellowship and inspiration and the promise of a successful E.F.C. chapter in Haliburton County.

Unfortunately, the next day on his return to Toronto for a funeral at 1:00 p.m., Dr. Fitch met with an accident at Myrtle which demolished his car and

sent him to the hospital in Port Perry. Due to the impaired visibility caused by last Wednesday's snow blizzard and the fish-tailing of an oncoming truck, a line of southbound automobiles smashed into the truck and one another. Haliburton friends will be glad to know however that Dr. Fitch suffered no injuries from the crash other than a very bad shaking up. His doctor has ordered him to rest for another few days.

Dr. Fitch's ministry is well known across Canada as he is recognized as an international leader in the evangelical movement. Under his leadership the Evangelical Fellowship of Canada has made great progress, not only because of his organizational skills but because of his many speaking engagements from coast to coast.

We join with his family, friends and members of his congregation in thanking God that the accident was not more serious and pray that any ill effects will quickly be healed.

County Board Of Education Co-operates With The Municipalities On Levy Problem

Readers will no doubt recall from last week's newspapers that the Municipality of Dysart et al was concerned about the quarterly payments of school levies to the County Boards of Education as spelled out in Bill 240. Bill 240 set out the quarterly payments, but it also stated in Subsection 1D that if a majority of municipalities paying at least two-thirds of the assessment of the county could reach agreement with the county board for a different system of payments, then it would be possible.

At a meeting of members of the Haliburton County Board of Education, Municipal Reeves, Councillors and Clerks this matter was discussed and the recommendations of the Council

of Glamorgan Township, with slight alteration, was taken as the compromise solution.

At the regular Board of Education meeting of Thursday, February 12, 1970, the Board agreed by resolution to implement the following arrangement for payment of levies: (1) 25% of the levy for elementary and secondary school purposes on the 15th day of July, (2) an additional 25% of such amount on the 15th day of September, (3) 50% of such amount no later than December 15th.

Each Council has been informed of this resolution, and if a majority reply in the affirmative the solution has been reached to the problem.

Red Cross Dance A Success

The Annual Red Cross Valentine Dance was a great success. There were over 150 people in attendance last Friday evening despite the bitter cold, and the Royal Canadian Legion Hall in Haliburton which was gaily decorated in the Valentine motif with cheeky red and white cupid and hearts delighted the eyes of the guests.

Many of the dancers were recipients of most attractive gifts which were awarded for spot and other fun dances held throughout the evening.

In the dining room the Valentine scheme was also carried out with a beautiful bouquet of red gladioli and white mums flanked by red and white candelabra.

Lunch was served at 12:30 and an elegant buffet of cold turkey, cold meats, a myriad of eye-catching tasty salads, hot rolls, and a large variety of relishes was topped off with heaping cake plates of dainty cookies and cakes which were thoroughly enjoyed by the guests.

The local Red Cross Branch wish to thank the many kind citizens in the village and outlying communities who gave so generously to this worthy cause. The proceeds, which amounted to \$500.00, will be donated to the New Hospital Committee.

Our readers will be pleased to know that the \$500.00 that was raised last year from the dance was also turned over to this same committee.

Letters To The Editor

Tory Hill, Ontario.
February 14, 1970.

Haliburton County Echo,
Haliburton, Ontario.

Dear Sirs:

I would like, through the channels of your grand little paper, to congratulate the Minden Detachment of the Ontario Provincial Police on their outstanding police work of the past week.

I quote from a front-page item of the Haliburton County Echo, February 12, "825 Damage From Head-On Collision"; the Minden Detachment of the O.P.P. report the two vehicles were proceeding in opposite directions when they

came into a collision.

What a remarkable deduction on the part of these alert officers of the law! I feel quite sure that Sherlock Holmes and his good friend Dr. Watson will sit up and applaud such unerring police work. To arrive at such a conclusion in this short space of time really deserves a bouquet. However, I am sorely afraid, if your paper is read in foreign lands, that these brilliant young officers will be lured away by such organizations as the F.B.I., Scotland Yard or Interpol.

Yours truly,
John H. Shortfellow.

Timmy Here Tonight To Kick Off Easter Seal Campaign

Stephen Francis, a 10-year-old Grade 5 student at Toronto's Sunnyview Public School, has been chosen as Timmy for 1970, symbol of the Easter Seal Campaign to aid crippled children.

Timmy will be at the Haliburton Rotary Club meeting tonight (Thursday) to help them kick off the local Easter Seal Campaign.

The Ontario Society for Crippled Children is seeking a total of \$1,600,000.00 from the 1970 Ontario Easter Seal Campaign which will extend from February 26 to March 29 (Easter Sunday).

The campaign is sponsored by

the Society in conjunction with 230 Easter Seal service clubs throughout Ontario. One-half of the funds raised by each club is retained by it for services and supplies for local needy handicapped youngsters.

Upon request, the Society will provide advice and assistance wherever possible to various active treatment centres throughout Ontario and, in addition, subsidizes the operating deficits of the Ontario Crippled Children's Centre in Toronto.

The Haliburton Rotary Club has set \$1,250.00 as their objective for this year.

John William Preston

One of our highly respected citizens in the person of John William Preston reached the end of life's journey on Sunday evening when he quietly passed away at the Haliburton Red Cross Hospital. At the time of his demise he was in his 77th year.

The deceased was born in Eagle Lake, the son of the late Thomas Preston and Florence Masales.

After leaving school, he was employed in the lumbering industry but when the call came to serve his country John Preston quickly enlisted and became a member of that fine group who formed D Company of the 109th Battalion. Those of us living today can't comprehend the ordeal that these brave men went through. The late John Preston was among those brave men who stormed the heights of Vimy Ridge; this battle, while very costly in casualties, has and always will be regarded as one of the most heroic episodes of World War I. It is worthy of note that though this epic event took place over 50 years ago there are in this area a few who are still living and able to get around, and

at least three were active pallbearers at the funeral of their departed comrade.

Whether serving in the armed forces in war time or building roads or dams in times of peace, Jack Preston was a good man wherever you put him.

Twenty-seven years ago the deceased married the former Elizabeth Hoxie and this has been a very happy marriage for all concerned. Besides his wife, a stepson Erven of Toronto, a sister Eva of Timmins and a brother Wesley of Cobalt also survive.

The funeral service was held from the late residence of the deceased with the Rev. Frank Ford of St. George's Anglican Church in charge, after which the Royal Canadian Legion conducted a short service with Comrade George Brennan taking the lead.

Pallbearers were Walter Kellett, Andrew Curry, Wesley Baker, Jack Vickery, Lloyd Baker and Lorne Morrison, all members of the Royal Canadian Legion.

Interment was made in Evergreen Cemetery Vault on Tuesday, February 17.

Haliburton Huskies Trounce Cannington 16-2

The Haliburton Huskies were certainly up for their important hockey match against Cannington last Saturday night as they skated and hit hard right from the start to defeat the visitors by the humiliating score of 16-2. This was a must game for the Huskies as it meant they clinched first place in the Central Ontario Junior 'D' O.H.A. Hockey League. This is the first time the Huskies have ended up on top since the club was formed five years ago. First place is very important in the playoffs because it means that the top club gets the odd game during each series, and there will be three series to win before a team gets out of this league and into the Ontario Playdowns.

The Huskies were very impressive as they blasted hard shots from all angles early in the game. The Cannington goalie was never under such pressure before as he was in the first period. Craig Stamp, Roger Scheffee and Bob Woodcock fired some blistering shots to set the stage for the onslaught by the Huskies. Craig Stamp opened the scoring at the 3:45 mark when Cam Botting won the draw deep in the visitors' end and passed it out to Craig who blasted it home. Craig Stamp, Roger Scheffee, Darrell Stamp, Cam Botting and Darrell Stamp again scored in that order to give the Haliburton squad a 6-1 lead after the first period of play.

The second and third frames were also all Haliburton Huskies as they scored four in the middle stanza and six more in the third. The Huskies won every depart-

ment, scoring, checking and fighting. It was a far cry from the same team that defeated the local Huskies in Cannington the previous week before. Gerry McElwain should receive a great deal of credit as he shadowed the Cannington player Prentice who was the top goal scorer in the league. The previous Friday he scored five goals against the Huskies and five more against Bobcaygeon this week, but Prentice was held pointless on Saturday which is a credit to the close checking of Gerry McElwain who scored a goal himself.

Darrell Stamp had a big night for the local Huskies as he scored five goals and counted one other marker that was called back. Darrell, up to Saturday night, had only scored five goals in 25 games so he nearly doubled his output. Cam Botting scored three goals and three assists, as did Craig Stamp, with Paul Wilson, Danny Carpentier, Randy Peters, Roger Scheffee and Gerry McElwain tallying the remainder.

ICE-CHIPS:

Cannington player Ron Short received a match penalty and will be suspended until he has met with the President of the Ontario Hockey Association; he received the suspension for deliberately trying to injure Brian Walter.

There were 18 penalties handed out to each team.

The three stars picked by Len Salvatori were Darrell Stamp, Craig Stamp and Cam Botting, with honourable mention to Gerry McElwain.

Lewis Dummitt of the Haliburton Huskies clinched the

Dr. W. D. Thomas Trophy, in memory of the late Mel Junkin, for being the league's top goal-tender.

The average attendance for the year at the Haliburton Arena for the Haliburton Huskies home games was 320, which is quite an improvement over the past two seasons.

HALL'S LAKE

Mr. and Mrs. Arnold Hewitt of Peterborough spent the weekend at their cottage and had as their guests Mr. and Mrs. Neil Awde, Loree, Cheri and Lori, and also Mr. and Mrs. Clare Ferguson and their three children, Pamela, Penny and Chris.

Mr. and Mrs. Mole of Loree Lodge had a busy weekend with skiers, snowmobilers and fishermen.

Sympathy of the community go out to Mrs. Norm Ackerman on the passing of her mother.

We hear that Mr. Gord Stiver is much improved in Lindsay Ross Memorial Hospital and will soon be home.

Mr. and Mrs. Robert Jennings spent the weekend at their cottage and had as their guests Mr. and Mrs. Paul Gatti of Toronto.

Miss Jackie Hobbs of Toronto spent the weekend with the Gardners.

Mrs. George Porier is spending a few days in Toronto.

We are sorry to hear that Mrs. Doug Adamson is in the Minden Hospital, and we all wish her a speedy recovery.

On Thursday night we had a lovely Carpet Bowling Party, and Mr. Leonard Stinson put on a lovely lunch.

Mr. Reub Wilson from the Hyland Crest Senior Citizens' Home in Minden spent the weekend with Ruth and Murray McGuire and his sister-in-law, Hazel Welch.

EAGLE LAKE

Congratulations are extended to Mrs. H. Mungham of Orillia who celebrated her 90th birthday on Wednesday, February 18. Her son, Tom Mungham, resides at Eagle Lake.

popping up in Parliament, leaving a trail of unanswered questions and damaging inferences behind.

This week, the ghost walked again as the Right Honourable John Diefenbaker rose in the Commons on a question of privilege to disavow Mr. Trudeau's version of the huge Expo overdraft as given to Ottawa's Carleton University Liberals.

The bone of contention was the \$200 million it had taken to wind up the affairs of the Expo Corporation. According to Mr. Diefenbaker, the Prime Minister was wrong when he told the students that the Pearson Government had been compelled to shell out millions to meet commitments made by the previous Diefenbaker administration. The true version, said Mr. Diefenbaker, was that his government had committed itself to a ceiling cost of only \$20 million for Expo '67. It had been "as a result of an orgy of spending by the Pearson Government" that this amount had swelled to ten times the original ceiling.

The cost of Expo and the responsibility for it are less important in my view than are the circumstances surrounding the speed and ease with which this vast expenditure was authorized.

Many Parliamentarians, including myself, believe that the chief reason the \$200 million was handed out so readily was because it concerned an enterprise in the Province of Quebec. Many feel Expo, with its tremendous overexpenditure, is just another example of the present government's policy of catering to Quebec. It is a feeling that cuts across party lines and is held by members from all areas of Canada, including Quebec itself.

It is part of the general governmental picture that so disturbs westerners today and which has given rise to the very real feeling of estrangement from the rest of Canada that is prevalent in the West.

Many critics of this Quebec-centred programme do not fault it on grounds of race as much as they do on those of political expediency. They claim the Lib-

eral Party's mortgage on political power is in the form of a solid block of Quebec seats that goes to them come hell, high-water, or a Conservative or NDP resurgence. They believe that every Liberal leader is duty bound to 'look after' Quebec.

There are so many examples of this preference for La Belle Province that it is hard not to believe that it is the prime motivating force of the Trudeau administration.

The latest example may be seen in returns to Parliamentary questions that indicate Quebec was by far the greatest beneficiary of the new industrial incentives grants from the Department of Regional Economic Expansion that is headed by the Prime Minister's close friend, the Hon. Jean Marchand. As of December 31, 1969, a total of more than \$15 million, paid out as industrial incentives, was divided as follows:

Quebec	\$10,677,120
New Brunswick	3,163,000
Manitoba	1,263,250
Newfoundland	151,200
Ontario	95,000
Nova Scotia	Nil
Prince Edward Isld.	Nil
Saskatchewan	Nil
Alberta	Nil
British Columbia	Nil

Every Canadian knows that Newfoundland's economy is in desperate straits, its standard of living well below those of other Canadian provinces, and its economic prospects bleak. When this is taken into account, together with the fact that the Provincial Government is of the same political persuasion, you might expect Newfoundland would enjoy greater attention and receive greater help from a Federal Government committed to a policy of overcoming regional disparity. The same is true of Nova Scotia, P.E.I. and the Western provinces, particularly Saskatchewan, which has been hard hit by a glut of both wheat and potash.

It is little wonder that the grumblings of discontent are becoming a roar and that Canada's various regions, divided enough already, are growing farther and farther apart.

13 February, 1970.

Final Arrangements Being Made For Collection And Disposal Of DDT

COBOURG — Final arrangements are being made for the collection and disposal of DDT stocks at present being held by residents of Victoria and Haliburton Counties, by the Medical Officer of Health of the Haliburton, Kawartha, Pine Ridge District Health Unit and the Public Health Inspection staff. Dr. Charlotte M. Horner advises that, following collection of the existing supplies of DDT, arrangements will be made for disposal by burial, in accordance with the advice of the Ontario Department of Health and Waste Management Branch, Department of Energy

and Resources Management.

It is again stressed that under no condition should DDT be disposed of in toilets or household garbage.

An advertisement in this paper lists the collection points for this area, and all residents are asked to co-operate by taking their supply to the most convenient location, as soon as possible. If you have over 100 pounds of DDT retain it and get in touch with the office for further direction. We wish to thank the individual municipal councils and others involved in this project for their co-operation.

NOTICE - DDT COLLECTION POINTS

All residents of Victoria and Haliburton Counties are asked to check their supplies of Pesticides. Please take all products containing any DDT to one of the following collection points BEFORE MARCH 2, 1970. If you have DDT in excess of 100 pounds, retain it and notify the office for further direction. All these supplies will be disposed of in accordance with Ontario Department of Health requirements.

CRESCENDO OF CATASTROPHE

Isn't it odd how troubles come in batches? You can sail along for as many as two whole weeks with everything going as smooth as cream. Then the roof falls in.

Ours almost literally did last week, when the ice piled up nearly two feet deep behind the eavestroughs, and I couldn't find anyone to chop it off.

Your run of calamities, however, usually begins with a few minor things, like a toothache, or the flu, then builds steadily to a crescendo of catastrophe.

That's the way it's been with me in my latest bout with the fates. Knobs coming off doors. A broken tooth. Coming down and finding the front door wide open with the temperature 10 below and the furnace straining to keep up. Wipers on the car broken down, which is a fairly easy route to suicide the way it's been snowing around here this winter.

Then my car, on which I recently spent \$63 to remove the problem of its not starting in the morning, started not starting again. My gimpy curling knee got gimpy and I've been limping around ever since like a sailor with a wooden leg.

But these things you are used to, and cope with, one by one. Got my tooth fixed. Got a chap to hack the ice off the roof. Got the door-knobs working, the wipers working, and the knee wrapped in an elastic bandage that cuts off the circulation so badly my face is purple.

It's the things over which you have no control that hit you right between the eyes. Like Sunday noon, when we got a call from my daughter announcing cheerily, though with a touch of trepidation, that she was calling from the hospital. With infectious hepatitis.

You can't say that the kids nowadays don't live dangerously, at any rate. Kim left for the city at New Year, having quit university to live in a commune.

I don't have to go into the commune bit again. It's the

method some young people use in today's society to escape from the latter. A commune is an idealistic utopia in which everyone shares the work and the food. Just one big happy family, with no nagging parents and nobody stopping one from doing one's thing.

The commune has vague links with the early Christians and the modern Israelis, which is a nice touch of irony. There have been hundreds of attempts to form such communes in the past. The only thing wrong is that they don't work, unless they are rigidly authoritarian, like the communities of Mennonites.

Kim spent a (presumably) happy week in the commune, then caught hepatitis from one of the other inmates, and lay sick, semi-conscious, without eating, for about two weeks. She had too much pride, feeling she had let us down, to call. We didn't have any phone number and were waiting for a letter. We finally wrote.

She staggered out to the emergency ward of a general hospital, where they gave her a shot of penicillin and threw her back into the snowbanks.

On a Thursday night, one of the members, who had lately been getting a bit weird (going on a big religious kick), dressed himself in his best, went to his room, and set the house on fire. The others barely got out, into a winter night, with the clothes they were in, and nothing else. He was burned to death. The house was destroyed.

Somehow, Kim got into hospital. All she'd saved was her Christmas present, a radio. A friend loaned her some clothes. She's feeling better.

But, and there are some big BUTS, we don't yet know what damage has been done. Her liver is affected. Its normal thing is 35 to 50, whatever it does. A doctor told her that the worst case they'd ever had in the hospital was 3,500. And then told her that hers was 6,000.

Give us a prayer if you have a moment will you?

Everybody HELPS + Everybody BENEFITS

APPLICATIONS

The Township of Glamorgan requires ONE FULL-TIME EMPLOYEE whose duties will include maintenance and repair to buildings, maintenance of garbage dumps and part-time road work. For further details contact the Municipal Office.

Apply in writing, stating qualifications and hourly remuneration expected. Successful applicant must have valid Chauffeur's Licence.

Applications will be accepted by the undersigned until Wednesday, March 4, 1970, at 12:00 o'clock noon.

ELVA V. BATES, Clerk-Treas.,
Township of Glamorgan,
Phone: Haliburton 14J2.

ADMINISTRATOR

Applications are invited for the established position of Administrator of a 58-bed (County) Home for the Aged located in Minden, Ontario.

The successful candidate will be responsible for directing all day to day activities of the Home, including the residents' well-being, personal care and nursing, social services, recreational and other programs, finance and accounting, house-keeping, personnel, etc., and for co-ordinating these activities with short- and long-term plans and programs. He or she will work with professionals such as the Home Physician and visiting Chaplains of various faiths. The Administrator will report to the Committee of Management.

"Application" must be marked on envelope.

Excellent working conditions, (full employee benefits) and salary commensurate with training and experience.

The ideal candidate will have several years' progressively responsible experience of administering diverse functions in a similar setting; a demonstrated interest in elderly persons; he or she will have, or be willing to undertake, studies in the field, including a sound knowledge of Ontario's Homes for the Aged and Rest Homes Act and The Charitable Institutions Act; and a proven capacity for developing good public relations and community liaison.

REPLY IN WRITING BY FEBRUARY 19, 1970 TO:
MR. FRANK WELCH,
COUNTY CLERK,
MINDEN, ONTARIO.

Harvesting Celery
In Florida - 1970

By GORDON W. BARR

The harvesting or cutting of celery in Florida is a very interesting operation, and is a must for visitors if this can be arranged. The operation we visited was in Ovido, close to Orlando. However, celery is grown all through the State of Florida.

The harvesting machine is big (about 75 feet long), mounted on 12 large tires on each side, self-propelled, and when operating travels forward about two to three miles per hour.

The fields of celery are in blocks of about 50 to 100 acres on level ground, and the celery is planted in long rows about three feet apart and grows in black soil.

This machine has mounted in front two endless belts to each side, which rotate into the centre, and are about 35 feet long on each side. The celery stalks are cut at the ground by a knife and placed on these endless belts, bringing them to the centre where they pass a circular saw that cuts them to length. On the front belts there would be some 25 to 30 coloured persons working.

The celery then goes into the washer to be washed, and it is then placed on another endless belt running lengthwise of the huge truck. There will be about 30 persons who trim off the celery and pack it in crates. When the required number per crate is reached the crate is pulled to the side and wired shut; it travels by another endless belt to the rear where a truck has been attached to the harvesting machine.

When the truck is loaded with these crates it takes them to a cooling plant where they remain for about two hours. They are then loaded on tractor-trailer truck or railway cars to be shipped north within a few hours of being packed.

The owner advised us that this shipment's brand was named White Rose and was being shipped to Toronto where it would be on the market about three days later.

The owner then presented to the visitors, Mr. and Mrs. Claude Austin of Scarborough, Ontario, and Mr. and Mrs. Gordon W. Barr of Gooderham, Ontario, several lovely stalks of this fresh cut celery.

"The only deals we miss are the ones we don't know about"

Flashback To S.S. No. 2 Minden

Back in the days of World War I it was my privilege and pleasure to attend the little frame schoolhouse known as S.S. No. 2 Minden. It was located two miles north of Lochlin and about one-and-a-half miles east of Ingoldsby.

It might well have been known as the "Academy of the Wildwood" such was the knowledge bestowed upon the pupils by the teacher, Miss Florence Crofts. Besides being a first rate teacher of the three "Rs" she was also a born naturalist. Her knowledge of flowers, plants, insects, birds and animals and where to find them was unexcelled.

The pupils came from the homes within a two-mile radius of the school. On the school Register were the names of Baker, Burk, Crofts, Fielding, Harrison, Hawkins, Hescott, Hicks, Howe, Johnston, Kitchen, McIntosh, McKnight, McPhee, Robertson, Robertson and Walker. The total enrollment varied from about 14 to 20. During the winter some of the older boys were able to come back to school for a few months.

The custodians of the school were the pupils. Two pupils were assigned each day to sweep the room at noon. One boy, or occasionally a girl, took on the contract of lighting the fire from October to May and carrying the big two-foot blocks of hardwood and kindling from the woodshed. At the end of the job the school board paid the handsome sum of five dollars for the winter's work. Drinking water was carried from a spring about 250 yards down the Lochlin road. It was the highlight of the day to be given permission to go along with a chum for a pail of water.

In the earlier days there was a school inspector in the area who was greatly disliked by all pupils. He usually had all the younger children in tears before he left. He was one person who would never make the Diplomatic Corps. If the rumour came that the Inspector was coming the next day, some of the children stayed home if possible. I remember one fall that word arrived that he would be there the next day. How I wished that I could stay home. As I was nearly home that afternoon I saw Bill Blair's threshing machine moving into our place. Glory be and Hallelujah! Surely I would be able to stay home for the threshing. When I asked Mother she said "Oh, they are leaving the machine here for a week or so until your Dad's buckwheat is ready to thresh". My world collapsed. I went to school next day. The rumour was false, no inspector came and I survived.

Our school bell was one of the largest and best in the county and could be heard far and wide. During one dry autumn when local bush fires were breaking out on the Ramsay Estate the teacher was asked not to ring the bell for school use during that period. If a new fire broke out the word was to be rushed to the school and the bell was to be rung loud and long. This was to alert the farmers to come to fight fire. Speaking of fire and smoke reminds me of the boys occasionally sneaking over the hill at noon hour to smoke cedar bark cigarettes wrapped in scribbler paper. It is a wonder that the teacher didn't smell smoke from their clothes. Maybe she did, but she was a good sport and not really too hard on any

of us, unless we really needed it, and then we all knew who was the boss.

By the first week of January most of the local roads were drifted full of snow and the rail fences were completely covered. There was no horse travel except by draw roads through the sheltered woods and swamps. There were no skis in the area at that time except those owned by Mr. Polaman who lived on the Bethel road. Occasionally he would cut across country on his home-made skis on his way to the store at Lochlin. He and his fine skis were as much attraction to us in the winter as a new model "T" in summer.

Snowshoes were the mode of travel for those who had them. The teacher often used hers to come to school on and to go to Lochlin for the mail and supplies once a week. There was also one boy who lived away from the main roads who used his father's snowshoes most all winter.

During the dry frosty winter weather everyone wore moccasins, even the teacher. They were lighter and much warmer than the conventional lace-up rubbers and were much better on snowshoes. The deep snow did not hinder the fun at noon or recess. The boys built toboggans from barrel staves and all had a good time on the nearby hills.

The greatest time of all was around the first of December when preparations got under way for the annual Christmas Tree and Concert. Great was the work done by the teacher and the girls as they made wonderful costumes and decorations. The boys also had their share of work to do especially a day or so before the big event when the school was festooned with great balsam and spruce bows hanging from the beams. On a Saturday a week or so before the concert Alex and Levi Burk would appear on the scene with a team and sleigh and enough lumber to build the stage, which they built before leaving. Next, someone with a team and sleigh would bring an organ or piano from a nearby home. Later on others would arrive with any coal oil lamps that they could spare from home.

All the boys and a neighbour with a team and sleigh would go for a Christmas tree. It had to be the best and I think it usually was. It didn't matter where the tree was cut as the school was welcome to a tree from any farmer's woods.

The Rev. J. M. White and the Rev. Geo. C. Grant used to vie for who would be chairman for the great event. They had to drive from either Haliburton or Minden with horse and cutter, so the honour must have been great.

When the great night arrived it seemed that everyone for many miles around was there. It was a bit of a shock to see your classmates without their heavy mackinaws and sweaters and heavy rubbers. All the boys wore white shirts, Sunday suits and fresh home-made haircuts. And those lovely girls with their hair curled and fancy dresses on — man, oh, man, this was some "do".

Andy Robertson was doorkeeper and collected the .15c from each adult. I believe the chairman got in free.

Our teacher was a lovely singer and could play the piano and organ to perfection. We had the very best training for our songs and drills.

The opening chorus by the children was a thing of great perfection, as I remember it. After the chairman's address things really started to roll. Recitations, dialogues, drills, duets and skits and then for a breather either Farmer John Emmerson or Percy Burk gave a few floor-thumping violin selections. After one of these musical numbers I remember the Rev. G. C. Grant saying that he thought the audience had Methodist heads and Presbyterian feet. A little later in the program Allie Baker would be called on to sing "Billie Magee Magaw" which was always well received. As the final chorus brought the program to a close, the pupils snapped briskly and stiffly to attention for the "King". Then followed the main event of the night. Someone acted as Santa and there were gifts and bags of candy and nuts for everyone.

Occasionally a Basket Social followed with Hank Harrison or Allie Baker acting as auctioneer. There were .10c lunches for the children and for any who did not get a basket. Those wonderful

.10c lunches were a meal in themselves. Plenty of sandwiches made from home-made bread and butter, cake, cookies, doughnuts and tarts and maybe a piece of Christmas cake too. Truly the Christmas Concerts at S.S. No. 2 were the sterling event of the year.

On one of these occasions Ken Austin of Lochlin who had recently joined a Scottish Regiment and was home on leave, came in his kilt. It added sparkle to the gathering to have a soldier in uniform present, but poor Ken soon pushed his way through to the big box stove to warm his hairy knees.

At one of the basket socials a very substantial sum of money was taken in. After the Christmas holiday the teacher bought a phonograph and records for the school. This was a wonderful reward for the children for their diligent work in class and the splendid concert that they had helped to put on. In those days a phonograph was a far greater luxury than a coloured T.V. is today. At that time there were only about two in the whole community.

One year we had a Summer Concert and Basket Social on the third of June. Lieutenant Hunt of the Salvato nArmy, who was holding meetings at Lochlin, was chairman. This concert was a great success and a large crowd attended. And there was one car there. This in itself was quite an attraction. There was one boy about eight years old who had .30c with him and when the baskets were being auctioned off by Hank Harrison he would bid .30c on each basket as it was offered for sale. Needless to say, he didn't get one. So he quite happily bought a .10c lunch and ate with the fellows. Later, when the lunch was about over, the father of the boy came to take him home. As it was a warm summer evening and the windows open, the father just hauled the boy out through the window amidst the laughter of his classmates.

Arbor Day was a welcome break from school routine. Everyone looked forward to that day. On the afternoon before, the teacher assigned duties to all pupils. Some were to houseclean the inside of the school by washing windows, floor and blackboards. Others worked outdoors preparing the flower beds and sowing seeds and bulbs. Trees were trimmed and grass burned, and each year a few large stones were moved from the school yard. Some of the boys would remove the earth that the Trustees had banked the school with the fall before.

All work was to be done by afternoon recess. Then the teacher, with help from the girls, made a huge batch of candy. This was a great reward for our labours; all the candy you could eat and maybe some to take home to little brothers and sisters.

On a Friday afternoon toward the end of June, the teacher would take us on an expedition into the fields and forests for flowers, ferns and anything of interest in the great outdoors. She took us through dense woods and steamy swamps to a little lake where the Pitcher plants grew in abundance. The bright red long-stemmed blossoms made them easy to find. Every kind of local wild flower seemed to be at its best in that part of the woods. There violets with stems six to eight inches long and beautiful Ladies Slippers. The names and locations of plants and trees that the teacher taught us were never forgotten. In schools of higher learning these hikes would be properly known as botanical expeditions. I often wonder if the modern central schools give a child the well moulded all round education that we received in the one-room country school. I doubt it very much.

All this sounds like one continuous round of pleasure, but actually a lot of diligent teaching, training and learning was carried out, and all courses of study were completed well before the term ended.

Some of the pupils of those well remembered days have passed on to a Higher Level of Learning and we cherish their memory. And now as I close, may I dedicate these memoirs to that gracious lady, the teacher who was our friend and guide in those happy days, Mrs. Percy Burk, who still resides in the community. A Tribute To
Mr. and Mrs. Charles Fader
of Maple Lake

In the earlier years of the century Joseph Fader Sr. and his sons erected a sawmill on the property across from the present residence of Charles Fader.

The following limerick covering the current operations of that time was quite well known: "The Fader boys, they built a mill; They built it up on top of a hill; They worked all night, they worked all day; To make that old sawmill pay."

The older son William was the engineer, Charles was the sawyer, and the younger son Joseph also worked there.

A good amount of fine lumber was turned out and many a home was erected from the product of this mill, and also some fine hardwood lumber and ties were manufactured for sale along with some birch for export.

As the years advanced the mill was sold to Thomas Jones, and Charles gave more attention to the farm and logging in the winter. Some years he put out considerable stock for the International Cooperage with a factory to Eagle Lake, and with the change in packaging the product of this plant had little use and was closed down in the late 40's or early 50's.

One of Charles' best moves was his selection of a wife — in 1906 he married Minnie Day. Mrs. Fader has been a fine member of the community and is a good example of the pioneer wife and mother; an only son Verle died a few years ago.

At a time when many men would be thinking of retirement, Charlie, as he is known by all his friends, purchased a threshing machine and for quite a few years he operated this machine catering to the farmers in the Maple Lake and West Guilford district.

The farm portion was made over to his son some years ago, and some cottages now dot the shoreline of this good land.

Mr. and Mrs. Fader still reside at the homestead on Highway 530 and I join with many friends and neighbours in wishing this fine couple many further years of happy living.

Peace be with you!

**Don't Prophesy
Anyone's Future**

It seems to be human nature to crave experience, and if you do not get it early in life perhaps you will get it later on because you have become older and have more sense as you get older in years. They say that there is no fool like an old fool, but why be a fool at all. Many people who were considered impossible when they were young turned out to be nice modern ladies and gentlemen when they grew up.

There was a boy in the school that I went to who was the biggest cut-up and he was always getting into trouble. Everybody in the school, even the teacher, made up their minds that this boy would turn out badly. Well, the years passed and most of us boys and girls left school and went out into the world; this boy would fail badly, we thought. But lo and behold, a few years later finds this pest of a boy had turned out to be a fine young man with a fine job and doing well, married and having settled down and being very happy while some of us were still knocking around the world not knowing what it was all about.

So it goes with the girl who was thought to be a tom-boy — she may do things that some people do not like which might cause her to be put away into a home for correction, but years bring pleasant surprises to all. To all those who thought otherwise, this girl turned out to be a credit to so many who thought she was what she was. She also got married and could turn her hand to the liking of her husband by making the best bread, also pie-crust, and everything that was required to make a perfect wife for a perfect husband.

So it goes to show that nobody has any right to point a finger at anyone or prophesy their future — live and let live.

CHURCH NEWS

REPORT OF MINDEN, CARNARVON, MAPLE LAKE CHARGE

The year 1969, ending December 31, was a very satisfactory term for the Minden, Carnarvon, Maple Lake Charge of the United Church of Canada.

The Charge was very ably served by our Pastor, Rev. N. Wesley Oake, who gave excellent leadership and was untiring in his labours on this heavy charge.

Also, Miss Susan Bowman, the Student Minister, did us a fine job, particularly with the young people in the Charge. Her activities were centred, during July and August, on the KENNISIS Lake tourist area.

During the year 24 persons became members of the Church through confession of faith. Two valued members of the Minden Charge were removed by death, namely Mrs. Florence Finlay and Mr. Gordon Bibby, and also Miss Elizabeth Morgan who was a regular attendant of the Minden Sunday School.

The Minister was in charge of 19 funerals during the year, and there were 17 marriages which were solemnized.

The Layman's Sunday was very well attended, and a very fine discourse was given by Mr. Tom Knott.

The women's organization kept its usual place leading in its many activities.

Financially the report is very encouraging as, over the entire Charge, a comfortable balance of \$1,900.00 was carried over to the new year. Gifts to M. & M. were up to the amount of \$322.00 and the entire givings over the field increased by \$5,326.42.

The appeal of the Bible Society and Temperance Federation was subscribed to in a generous fashion but we could do better. The good is always the enemy of the best.

A survey of the entire Charge was undertaken by the Pastor, aided by many members of the various Charges, and this brought our vital statistics branch up to date.

The organists and choir of the various churches have given excellent service and the congregational singing has also been exceptionally strong.

The church buildings have been kept in very fine condition and the custodians are to be thanked for a job well done.

We look to the future with great expectations under the leadership of Rev. N. Wesley Oake. The official board have been liberal in sharing the services of Rev. Oake with other charges in Ontario and the northern States; this pattern will be followed and somewhat enlarged during the coming months. During the Pastor's absence we have been well served by visiting clergy. Rev. Noel McNeill of Haliburton served on many occasions and is always welcomed to our pulpit.

All of this activity seems to me to give the lie to the slogan "God Is Dead". Very truly he is to some folk, but to others he is the guiding hand, the faithful guide and the source of life and wisdom. Truly God on this day and his Son, The Christ, are very much alive.

Clayton P. Rogers,
Senior Elder,
Zion United Church,
Carnarvon, Ontario.

WILBERFORCE U.C.W.

The regular meeting for February of the Wilberforce United Church Women was held at the Manse on Tuesday evening. Mrs. Watson welcomed the members and served a delicious dessert with coffee or tea before the meeting started.

Mrs. Pat Clarke took the Devotions and the hymn "Take Time To Be Holy" was chosen. This was followed by a prayer and the Scripture Reading.

Mrs. Clarke chose as her topic an excerpt from The Telegram, February 7th issue, about a group called R.A.N., "Responsible Action Now". This group is devoted to diverting church wealth to community betterment. Some of the members then took part in a discussion which followed.

Our U.C.W. is happy to welcome some younger members of the Church who have joined with us.

A social event of the month was a Pancake Supper at the Terrace Inn on Saturday, February 14.

Following the usual business the meeting closed with the Benediction.

The March meeting will be at Mrs. Aurthur Saunders' home.

"TAKE COURAGE" THEME OF WORLD DAY OF PRAYER

"TAKE COURAGE" is the theme for the World Day of Prayer to be held this year on Friday, March 6.

The World Day of Prayer is a day set apart for prayer by the women of the world. On this day they join in a special service, remembering before God the needs of all people. Last year the service was held in more than 3,000 communities across Canada and in over 140 countries.

In our community, the World

Day of Prayer Service will be held at Lakeside Baptist Church at 2:30 p.m. Mrs. A. S. Lunham of Minden will be the guest speaker. All women are invited to attend.

Holds Information Night

(Continued from Page One)

Mr. Salvatori stated that we were fortunate in having the services of Mr. Beecher Barrett for one-third of his time, assisting Mr. J. Douglas Hodgson, Director of Education, in the inspection of the elementary schools. The Province has been paying Mr. Barrett's salary and expenses. Also, the Region 8 Office at Don Mills provides Subject Consultants for our schools; for example - the week of February 16 will see some 10 Consultants spending the entire week in our schools. Hardly a week goes by that there is not at least one Consultant in the County school system.

Finally, Mr. Salvatori pointed out that the Board members want a good relationship with the Municipal Councils of the County and he asked that when a Reeve or Councillor had a problem that they go to their representative of the Board or himself, or Mr. J. Douglas Hodgson, Director of Education.

Mr. Salvatori then asked Mr. Crossley, Business Administrator, to answer any questions regarding financial arrangements of the Board. The major portion of Mr. Crossley's remarks related to how the levies last year, owing to lack of information in some instances, had to be estimated and therefore, in line with the provisions

of Bill 44 which established county boards of education, when the exact calculation was made, it involved an adjustment to be made in the 1970 levy.

Mr. J. Douglas Hodgson, Director of Education for the County, explained in more detail the value of some of the new programmes that have been launched in the County during the past year. He particularly stressed the importance of communications with all the citizens as to what is happening in education. He stated that last year there may have been a lack of communication with the general public, due to the fact that he held both the position of Principal of the Haliburton Highlands Secondary School and Director of Education. He hopes that this situation will be rectified in 1970.

There was then a general question and answer period and Mr. Salvatori asked those present if they would like further meetings. The response was in the affirmative, and future meetings will be arranged.

Mr. S. G. Nesbitt, Warden of the County, thanked the Board for having the meeting and stated that we had made a good start in 1970 to better communications with the various elected bodies in the County. Mr. Nesbitt ended the evening by commenting that he felt there was a new spirit of co-operation afoot.

COMING EVENTS

The Annual Cub and Scout Church Parade will take place this Sunday, February 22. The boys and leaders will meet at the Legion Hall at 3:30 p.m. and will march to St. Anthony's Roman Catholic Church for the service at 4:00 p.m. On Tuesday, March 3, at the Legion Hall the Annual Scouts and Cubs Father and Son Banquet will be held at 7:00 p.m.

The regular Monthly Meeting of Hyland Crest Auxiliary will be held at the Home on Monday, February 23, at 6:30 p.m. with a Pot Luck Supper. All members and potential members welcome.

Public Speaking Contest - The Elementary School Public Speaking Contest will be held in the Auditorium of the Haliburton Highlands Secondary School at 7:30 p.m. on Thursday, February 26. Mr. Stuart Baker, Principal of the Lakeview Senior Elementary School in Haliburton, will be the Chairman. There will be entries from Dorset, Minden, Cardiff, Wilberforce and the Lakeview Schools.

Haliburton Huskies Meet Schomberg

Be sure to keep this Saturday night open so that you will be able to see the opening game of the best-of-five quarter final Central Ontario Junior 'D' O.H.A. Playoffs series when Schomberg visits the Haliburton Arena to play the Haliburton Huskies. The Huskies, who finished first in the eight-team league, will meet the Schomberg club since they were the fifth-place finishers. The Haliburton Huskies record has not been the best against this club as they lost two, won one and tied one in four scheduled games.

George Nicholls, the Huskies Coach, will hold two workouts this week in preparation for the home opener. The second game of the playoff series will be in Schomberg on Monday night with the third game back here in Haliburton next Wednesday night. Both home games will start at 8:00 p.m. If there is any change in the above schedule it will be announced on the Barrie and Peterborough TV Stations.

It appears that the Huskies are hitting their peak now, and since they are free of injuries the club should be very hard to beat in the playoffs. Be sure to attend and cheer this fine team to a victory over Schomberg.
